# Whiteboard Surfaces

## Enamel Steel

Best-in-class whiteboard surface, featuring a less porous surface, enamel steel whiteboards will last longer and are easier to keep clean than non-magnetic whiteboards. Enamel magnetic whiteboards have a 25-year surface guarantee.

## Coated Steel

Featuring an excellent dry wipe surface, used for our printed whiteboards. A more durable magnetic board solution with a 10-year surface guarantee.

- Can be displayed landscape or portrait

### Large Cut & Join Whiteboards

With its unique one frame surround and link-able panels, cut & join whiteboards can achieve wall to wall coverage allowing you to utilise the space available to you.

The largest board in one piece is 240 x 120 cm. For cut and join boards, if the board height is 120 cm or less, we can make any number of panels of up to 240 cm to make your board as wide as you would like. The boards are joined together with a discreet 1cm wide white aluminium 'H' section which comes attached to one of the two panels. If the desired height of your board is between 120 cm and 240 cm, we can make any number of panels of up to 120 cm to make your board as wide as you would like.

Cut & join whiteboards are available in 2 magnetic dry erase surface options:

- **Premium enamel steel whiteboards:** Featuring a less porous surface, enamel steel whiteboards will last longer and are easier to keep clean than non-magnetic whiteboards. Enamel magnetic whiteboards have a 25-year surface guarantee.
- **Coated steel whiteboards:** Featuring an excellent dry wipe, magnetic surface. A durable solution with a 10-year surface guarantee and printing options available.

### Benefits of these boards:

- Create a large whiteboard wall
- Easy to transport
- Looks professional. The whole board has only one frame
- Allows a very large board to get through doors and corridors
- Economical - no special transport costs

### Simple & Very Easy Installation

Your large magnetic whiteboard will arrive in pre-cut whiteboard panels with the frame already attached. The 'H' section is also attached to one of the panels for easy installation.

#### Frame

Silver / Black / White aluminium (coated steel only)

### Chameleon VisuWall Whiteboard

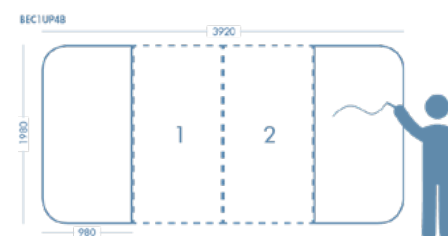

VisuWall allows you to create a virtually seamless large writing surface, while combining design and functionality with its beautifully finished black lacquered edges, distinctive rounded corners and magnetic surface, made from the highest grade enamel steel.

- Excellent magnetic enamel steel writing surface
- Designer, black lacquered frameless edges with distinctive rounded corners
- Dry erasable & scratch resistant
- 25-year surface guarantee
- A modular whiteboard system. Available in 3, 4 & 5 panel packages
- Delivered with instructions & wall mounting kit

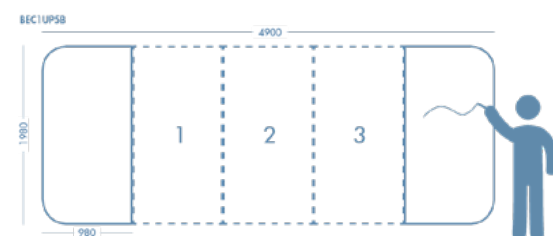

### Why VisuWall?

These whiteboards are great for visually communicating on plans, ideas and projects and thanks to its modular system, you can increase the size of your whiteboard by adding additional central whiteboard panels, allowing you to create an even larger magnetic writing surface.

Each individual panel measures **98 x 198cm**. Create your VisuWall from the packs listed below or contact our Customer Service Team for custom options.

VisuWall is supplied in 3, 4 and 5 panel packages as standard and comes complete with a magnetic wall mounting set and instructions. Each package includes 2 end whiteboard panels with rounded corners and then either 1, 2 or 3 central panels with squared corners depending on the size you purchase.

**Chameleon Harmonica Workwall**

Size (cm)	Panels
3540 x 1950	6

Many organisations see the benefit of an open office where contact and cooperation take place between teams. At the same time, teams want to be able to briefly separate themselves from the rest of the office for a sprint or team meeting without hindering other employees.

The Harmonica Workwall serves as a partition and offers the option of equipping one side with acoustic felt panels, to dampened noise pollution.

**Whiteboard features:**

- Excellent magnetic enamel steel writing surface
- Designer black lacquered edges
- Dry erasable & scratch resistant
- 25-year surface guarantee

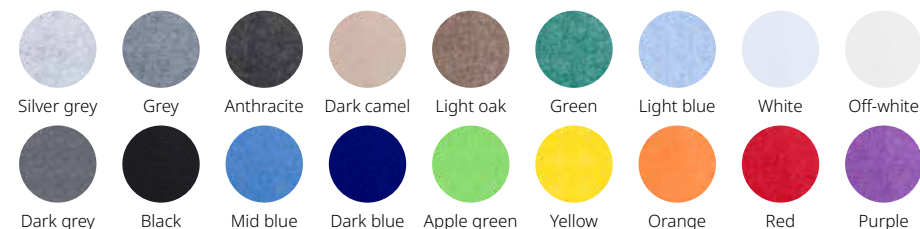

**Notice board features:**

- Acoustic properties
- High quality material, made from recycled PET
- Great pin retention and usable with Velcro® accessories
- 2-year surface guarantee

[01258 880101](tel:01258 880101)

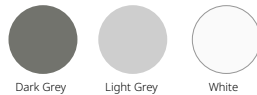

**Whiteboard surfaces:**

The wall consists of 3 hinged double-sided panels, with the option available to choose your whiteboard or notice board panel surface for each side.

**\*MagiRail Set of Track & Fittings**

MagiRail is a very stylish, compact and functional track system. It is supplied in lengths of 240cm which can either be joined together or easily cut down to size. The track comes complete with a cover strip to hide screw heads, super strong paper grip, two end caps and a joining piece for longer lengths. Shock absorbers at the end of the track add to the functionality of this product. All fittings and instructions are included. The track can hold up to 2 rail boards on individual tracks when using the clearance brackets. To create a triple rail system, the 3rd board will be wall mounted.

<sup>1</sup> Remember to leave at least a 5cm gap either side of the rail when wall mounted to ensure you can fit the end caps.

 <p>A Paper Grips x 20</p>	 <p>C Cover Strips x 4</p>
 <p>B End Caps<sup>1</sup> x 2 Screws x 4</p>	 <p>D Shock Absorbers x 4</p>
 <p>E Joining Piece x 2</p>	 <p>G Screw Plugs x 5</p>
 <p>F Wall Screws x 5</p>	 <p>240cm Track x 1</p>

**Column Whiteboards**

We are the lead suppliers of column board systems for use in auditoriums, lecture theatres and other large teaching areas. Our column boards are fitted with a counterweight system whereby each board slides up and down independently. The boards are perfectly balanced and can be moved up and down with a finger. Larger surfaces are available on motorised board systems. The board surfaces are made of the highest grade enamel steel and come with a 25 year surface guarantee. The boards are available in white dry wipe, black or green chalk, and with pre-printed writing, music and grid lines. We offer a complete installation service by our experienced in-house installation team.

**Column board features:**

- Each board panel can measure up to 400cm in width and 120cm in height
- Dry erasable
- 25 year surface guarantee
- The lightweight boards can easily be moved with a finger
- The columns are made from high quality anodised aluminium to match the board framing
- Frames and columns can be powder coated white or other colours
- Different surface options are available
- Complete installation service available

Column boards can be installed as a single sliding board or double boards. Additional single or double boards can be placed in front, and / or next to each other to provide maximum writing & display surface. Projection surfaces can be mounted between the columns or to the sides. The standard column height is 265cm. This can be adjusted to suit different rooms.

# Printed Whiteboards

Whiteboards are a pivotal tool in any working environment. Keep yourself organised, plan, design, develop and create with highest grade steel whiteboards, available in a variety of framing options and on stands.

<b>Printed Whiteboards</b>	<b>29</b>
Custom printed whiteboards	30
How To: Order a custom printed board	30
Logo whiteboards	31
Music whiteboards	32
Pre-printed whiteboards	32
Planner whiteboards	33

## Custom Printed Whiteboards

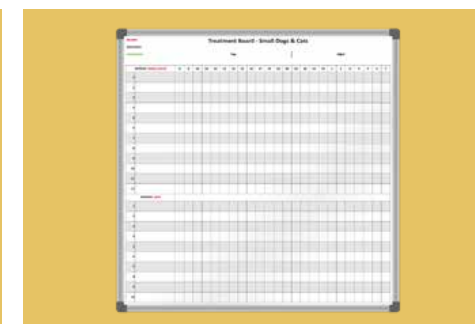

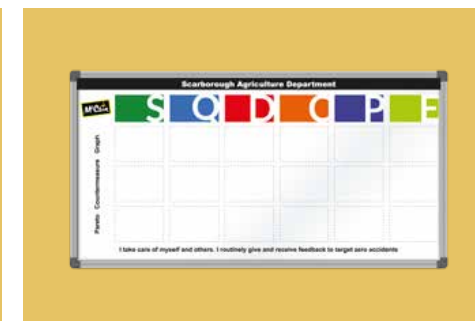

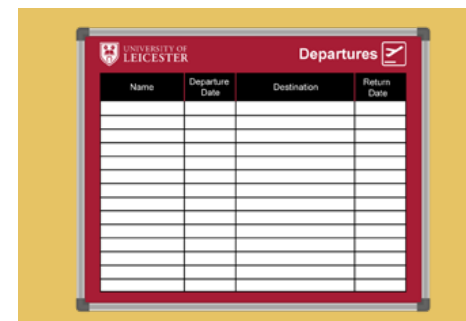

Designing your own custom printed whiteboard has never been easier! Create a weekly planner, monthly calendar, a health & safety board or a scrum / kanban tool to help you manage projects and stay productive. Organise staff meetings, production time-tables or school events. The possibilities are endless when creating your own custom board.

Our printed whiteboards are manufactured using dye-sublimation printing, so all graphics are embed directly into the whiteboard surface - meaning no overlays, which makes it easy to clean and maintains the full surface guarantee.

- Create your own custom whiteboard design
- Excellent magnetic coated steel writing surface
- Our boards are printed using dye-sublimation printing, with no overlays making it easy to clean, like a normal whiteboard!
- Dry erasable & scratch resistant
- Usable with standard whiteboard marker pens
- Free in-house design service to create your personalised whiteboard
- 10-year surface guarantee
- Delivered with instructions & wall mounting kit

When you see this icon next to a product, it means that product is available with custom print options!

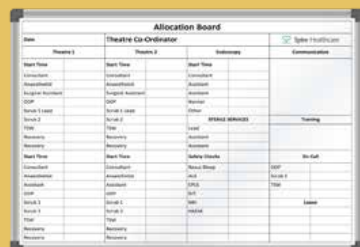

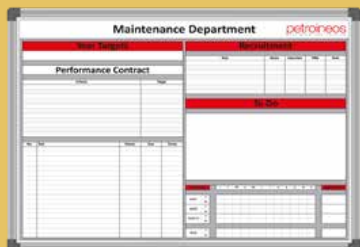

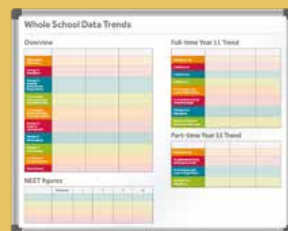

## How To Order

- 1. Getting a Quote** - Do you have an idea for your custom printed whiteboard? Great! Send it over and let us know your desired board size, required number of boards and application of the board, whether that be on a mobile stand or simply wall mounted, and our sales team will provide you with a bespoke quote, precisely matching your requirements.
- 2. Place Your Order**
- 3. Digital Proofing** - We will create the artwork and send you a digital proof to scale to give you a real feel of how your board will look.  
This is the time where you and your team can make any amends to the board design and we will do our best to accommodate all requests.
- 4. Design Approval & Production** - Only once you have approved the final proof will your board go into production and begin the printing process.
- 5. Delivery** - Lead time is 3 - 4 weeks from sign off of digital proof.

## Dye-Sublimation Printing

Our printed whiteboards are created using the dye-sublimation printing technique, which means your graphics are embed directly into the surface of the board - Which means no overlays, making the board easy to clean, just like a normal whiteboard!

### Logo Whiteboards

Represent your company or brand with a magnetic whiteboard with a full-colour logo printed along edge of the board.

### How To Order

1. Send us your logo, choose your board size and which edge or corner you want to logo to appear.
2. We'll create a digital proof for you to amend / approve.
3. Once approved, your board will be sent to print!

- Add your company logo to a whiteboard, maximum size = A3
- Personalised whiteboards can make a real statement, in the home, office or factory floor.
- Excellent magnetic coated steel writing surface
- Our boards are printed using dye-sublimation printing, with no vinyl overlays making it easy to clean, like a normal whiteboard!
- Dry erasable
- Usable with standard whiteboard marker pens
- **Free** in-house design service to create your personalised whiteboard
- 10-year surface guarantee
- Delivered with instructions and wall mounting kit

Mobile notice boards	52

# Surfaces

## Eco Recycled Material

Made from 100% recycled material - 65% recycled post-consumer waste plastic and 35% recycled pre-consumer waste plastic. Our eco boards are great for use with push pins and Velcro® accessories and come with a 2-year surface guarantee, the longest guarantee we give to our pin boards.

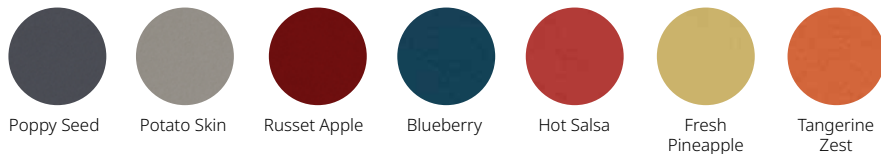

Our eco notice boards are totally self-coloured. One key benefit of this characteristic is that this can help reduce the spread of flames in the event of a fire. All of our eco boards are fire rated to BS EN13501 Class B.

Our manufacturing processes follow best practice through our ISO 14001 accredited Quality and Environmental Management Systems.

## Bulletin

Our bulletin boards have an excellent self healing, non-crumble surface pinnable surface.

## Cork

Cork is a timeless favourite. Natural cork surface is fire resistant and doesn't absorb dust or moisture.

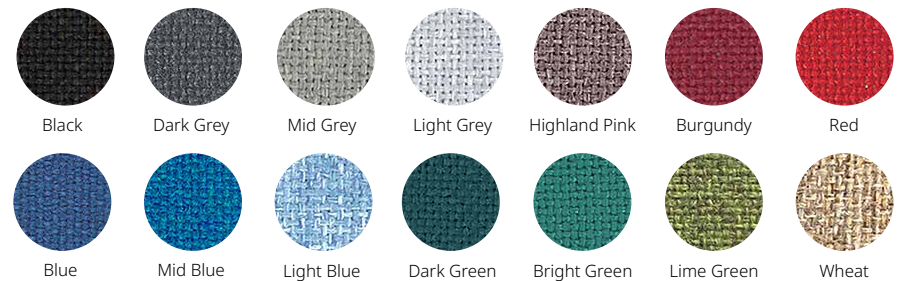

## Fabric - Felt

The most popular notice board fabric. A modern look available in 14 popular colourways.

## Fabric - Hessian

A hard wearing fabric, with a choice of 14 standard colourways.

## Fabric - Loop Nylon

The best material to choose for Velcro® accessories. Available in 14 vibrant colourways.

## The Importance of Fire Rated Notice Boards

The latest European fire regulations (EN13501-1:2007+A1:2009 Class B) are met by specially designed and tested Class B fire-resistant notice boards. Corridors, hallways, stairways, lobbies, classrooms, escape routes and building exits are critical areas for displaying fire safety notice boards.

**Fire rated boards should always be considered when creating or updating office, school, healthcare or construction spaces.**

Our fire resistant notice boards have been designed and treated to comply with all necessary testing to allow for safe installation in stairwells, school hallways, public areas and entrances, and meet the required European and British Standards.

All of our fire rated notice boards are:

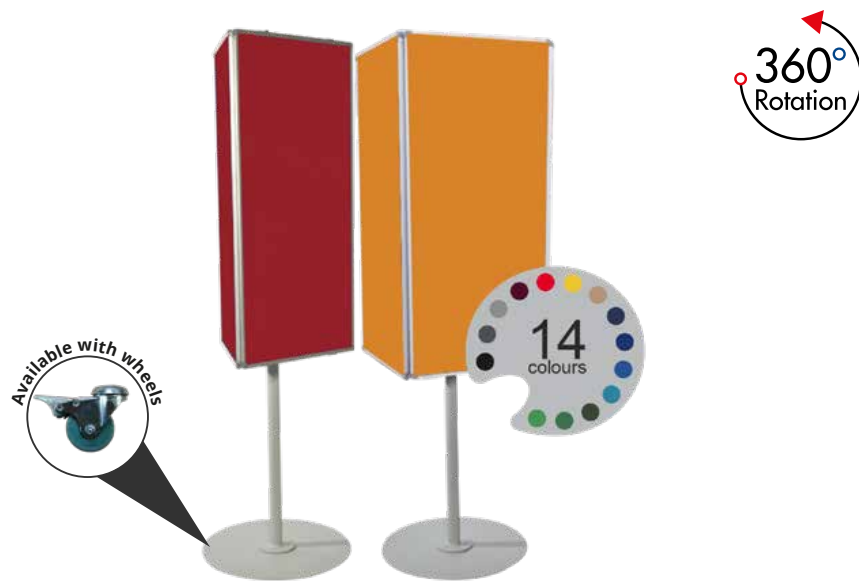

- Fire rated to **BS EN13501 Class B**
- Tested to BS1006 for colour & light fastness
- Usable with push pins & Velcro® accessories.
- Come with a 2-year surface guarantee
- Can be displayed landscape or portrait
- Complete with instructions and wall mounting kit

**What is the Fire Rating?**

All of our fire safety notice boards are flame retardant and certified in the UK to fire rating **BS EN13501 Class B**.
